Save Our Children

The Save Our Children Fund Drive is the lifeline of the Children's Ministries on both the district and national levels. It is one of the youngest divisional fund drives

in the UPCI (began in 1973). Half of all S.O.C. funds stays within the district for the promotion and advancement of Children's Ministries work here. The other half of the S.O.C. money goes to headquarters for the furtherance of the national Children's Ministries work.

Pledges may be submitted at upsaintlaurent.org/give. Click on the "SOC commitment card" and fill out the information including your pledge amount. Thank you for giving to the Save Our Children.

From Pastor's Desk

Welcome to March! One year ago, things were still pretty much normal in our lives and in our church. That is until the second week of March, when we began to be hit with the first regulations for a virus called Covid-19. By the end of March, we could no longer hold regular public services with a congregation, and we were relegated to having just a handful of people in the building to do livestreaming of our services. This was a drastic change for all of us to adapt to. Then we were totally closed down for three months and were doing our services via Zoom from our different home locations and feeding into our livestreaming

service to do our webcasting. Finally, we were able to return again to do livestreaming with a ministry team for a period of time, and then thankfully in the month of August we had the opportunity to open the sanctuary once again and receive up to 150 people for services. This brief period of 7 weeks was a refreshing time, but it was short-lived and we again were forced to return to the maximum of 25 persons in house. What a year!

I want to thank all of you who have remained faithful to the work of God during the past year. Without your continued help and prayerful support of the church, we would not be able to do what has been done. Thanks to our technical teams who are working behind the scenes to make our webcasts possible. Thanks to those who work on the promotional and visual aspects of the online presence to enhance the productions. Thanks to the music teams who have worked through the various challenges to lead us in worship. Thanks to all of our pastors and ministry leaders who continue to serve faithfully week after week. Thanks to the Sunday School and Children's Ministry staff who bring the Word of God to our children and youth every week, and thanks to all of you faithful saints of God who continue your prayer and financial support to keep things moving.

In spite of the obstacles, we have seen a number of people come to believe the Gospel, repent of their sins, be baptized in Jesus' Name and receive the Gift of the Holy Ghost during the past 12 months. In addition, a number of people have been reached in other countries of the world through the medium of technology. People have been baptized in India, Africa, Cambodia and the Philippines as a result of the Gospel being preached from here. We do not know how long it will be before we return to normal, but until then, let us continue to be faithful in doing our part to get the Gospel out to our city, province, country and to the world. May God bless you all!
